

Enjoy taking part in a tea ceremony while making friends with some wonderful Japanese ladies!

We are a **Tokyo based volunteer group** who want to help both Japanese and international ladies learn about each other and make lifelong friendships. An experienced instructor will teach you the **proper way of performing a tea ceremony** and you will be able to immerse yourself in traditional Japanese culture. All meetups will be held at a **stylish waterfront apartment in Toyosu ward**, so you can relax and have some tea and great conversation.

Contact us to reserve a spot and spend the afternoon with some fabulous women!
